

EMPLOYMENT

Senior Software Engineer **MakeMyTrip Bengaluru, India** **Mar 2026 - Present**

- Developing new **backend** features and resolving **production** issues, ensuring high availability and reliability of inventory services in a high-traffic distributed **Microservices** architecture.
- Contributing to migration of legacy GDS **backend** from **Ruby on Rails** to **Go**, improving system performance, scalability, and maintainability within the Redbus inventory platform at MakeMyTrip.

Product Engineer **TCS Bengaluru, India** **July 2022 - Feb 2026**

Software Developer, Research & Development

- Developed and optimized **Spring Boot RESTful APIs** to ensure efficient, secure & improved communication & performance.
- Designed key **low-level components**, including classes, interfaces, and workflows, ensuring scalability, modularity, and maintainability in an architecture.
- Implemented Spring Data **JPA** and Hibernate for seamless database interaction with **MySQL**, optimizing queries, caching with Redis, and transaction management.
- Secured APIs with **OAuth2**, **JWT**, and **Spring Security** for robust authentication, authorization, and encryption.
- Implemented **Agile methodologies**, participating in sprint planning, daily stand-ups, and retrospectives to deliver high-quality software on schedule.

TECHNICAL SKILLS

- **Languages:** Java , J2EE, J2SE, Object Oriented Programming
- **Framework/Tools:** Spring Boot , React JS, Hibernate, Maven, GitHub, Gitlab, AWS
- **OS / IDE:** Linux /Unix, Mac , Windows, Eclipse, VSCode, Vim, IntelliJ
- **AI Tools :** Cursor , Github Copilot

EDUCATION

Bhopal, Madhya Pradesh	University Institute of Technology, RGPV	2018 – 2022
• B.Tech. - Information Technology CGPA 8.5/10		
• X - CBSE CGPA 9.4/10	SJC, Sagar	2015 – 2016
• XII - CBSE Percentage 82%	Joy & Champion School , Sagar	2017 – 2018

EDUCATIONAL PROJECTS & EXTRA-CURRICULAR

SwiftCart - E-Commerce Web App

- Built a scalable eCommerce backend using **Spring Boot** with authentication & role-based access (**Spring Security**), product management, and **session-based** cart using **JPA & MySQL**.
- Optimized order processing and ensured reliability through unit & integration testing (JUnit, Spring Test).

Co-founder, [Code4All](#)

- Founding team member of Code4All, a group of coders who work together to stimulate coding for everyone
- Designed coding contests with a participation of 2k+ students across the state university's affiliated colleges

In-Hand-Medi: Online Medicine Booking Store

- Developed an online pharmacy marketplace with seller, buyer, and admin modules using **Java SE, J2EE, and RDBMS**.
- Published and presented at the International Conference on Recent Advances in Science & Technology, Bhopal.

Point of Sale

- Developed a comprehensive billing software for offline merchants using **Java Core**.

AWARDS & CERTIFICATIONS

- **TCS Gems -2023** awardee: recognized for being one of the top 40 global coders at TCS
- **AWS CLF-001** (Certified Cloud Practitioner), Issued by Amazon Web Services, Sep-2023
- **Winner, CodeCult 2020:** Intercollege Coding competition organized by ACM RGTU
